

FRASSATI HOUSE

For the New Evangelization

"[T]hey showed me that everything gets better and that with God I can do anything."

- Confirmation student and participant in high school youth events and trips

"[It] is great to have young adults to socialize with and talk about my faith, even if it's not some deep conversion. I think it has helped me draw nearer to the Church, seeing people of my own age really pledge themselves to ... ministry."

- Participant in young adult events, "Doors of Mercy," and Frassati House open door brunch

"The Frassati House missionaries have truly helped me embrace my faith. They have inspired me to talk to Jesus on a more spiritual level."

- Confirmation student and participant in high school youth events

"My prayer life was drastically improved by my participation in the ... women's group. Learning Lectio has given me a way to actively participate in and focus on prayer."

- Young adult and participant in women's "Lectio" group

"...[T]he missionaries shared their journeys of faith with open hearts and honesty. Their journeys were not easy along the path to Jesus. They made us laugh and they made us cry, but most of all they opened doors for a lot of us who didn't realize we were searching."

- Two participants in "Doors of Mercy"

"It made me more knowledgeable of my faith overall."

- Confirmation student and participant in high school youth events

"It's like all-year Guggenheim (a.k.a., awesome)."

- Confirmation student and participant in middle school youth events and trips

"The Frassati House Missionaries gave me an opportunity to find fellowship and grow closer to the Lord. Having returned to the Church only a year ago after more than a decade away, I was struggling to find fellowship and community. My participation in ... the women's Lectio group, is helping me meet that need/desire."

- Young adult and participant in women's "Lectio" group
